

Your Best Gifts Make a Difference

A Story of Hope and Chickens

Imagine the rolling hills of Kenya, where Mama Nguyo once struggled to make ends meet. The rains were uncertain, crops were scarce and each day felt like a test of endurance.

Then came a simple gift—three chickens from CWS. What seemed small quickly became the foundation of a new future. The chickens provided food, a source of income and a first step toward lasting stability. As her small flock grew, so did her hope.

This is the power of Best Gift. What begins as a single act of love becomes a source of nourishment, income and dignity. It's more than chickens—it's opportunity. It's security. It's a reminder that God's promises of new life are real.

When your congregation shares a Best Gift, you become part of a global story — one where generosity here brings comfort and hope to communities around the world. A gift given in love becomes an answer to a prayer.

Today, as we share our Best Gifts, let us remember that every offering and every act of generosity is part of God's kingdom—gifts of love that grow into abundance and hope for all.
